

Dear friends,

Wish you all a Hearty Welcome to Kochi, the commercial capital of Kerala.

It gives us great pleasure to invite you to the Annual conference of the **ICC Kerala Chapter** being held on the **24th and 25th of August at Holiday Inn, Kochi.**

This year the Scientific Committee has striven to select topics which not only enhance our knowledge on recent developments and newer trends but also are relevant to one's daily practice as well. The lectures cover a variety of topics from Adult cardiology, Interventional Cardiology, Electrophysiology, Structural heart disease interventions, Echocardiography, Cardiovascular therapeutics and glimpses into the Newer frontiers in Cardiology. There will be a session for Post graduates to present their research papers and win awards for the best presentations.

And the inimitable quiz master will be back on Sunday with surprises galore and a most interesting new format for the last event – the open quiz competition which surely will rejuvenate our knowledge apart from providing a chance to all to garner accolades and prizes.

The organizing committee will leave no stone unturned to ensure a pleasant stay and great hospitality. There will be Gala dinner on 24th evening – please come with your family to enjoy this event.

Once again welcoming everyone to the beautiful city of Kochi – The Queen of Arabian sea. Come... Learn.... & Enjoy....

Looking forward to see you all at Holiday Inn, Kochi.
